

Amox EM 12

Amox EM 12 is an acidic, liquid formulated to remove tarnish and clean silver and silver alloys. The material has long life and good stability. Amox EM 12 is free rinsing and produces a clean, uniform surface receptive to subsequent operations, i.e. oxidizing, lacquering, etc.

Features & Benefits

Fast wetting	Fast action; High productivity
Inhibited	Non-pitting, less chance of cut through on plated parts; Lower scrap

Operating Conditions

Concentration	As received or diluted with 1 – 3 parts water depending on degree of tarnish removal required
Temperature	70°F – 90°F
Equipment	Acid resistant tanks, dipping baskets, etc.

Caution

Amox EM 12 is an acidic solution (contains sulfuric acid) and appropriate precautions should be exercised in the use of this material. Consult Safety Data Sheet for additional information.
